

... not in RED?

What colour do you want?

We produce all our cleaning machines in our own production facility in Henau, Switzerland. This ensures quality, guarantees delivery readiness and **makes us flexible without exception to meet your colour requirements, of course with your logo if desired.**

All parts that we manufacture in our plastic injection moulding shop can be produced in your colour. The plastic injection moulding shop works with the most modern computer-controlled equipment and is automated. Thanks to a wide range of machinery, we can optimally respond to customer wishes and offer special designs.

Contact us, we will be happy to advise you on how we can produce your machine in your desired colour and with your logo.
